About

The Summit

The first and only one of its kind, ASEAN-China-India Youth Leadership Summit 2023 addresses the most pressing sustainability challenges of our time.

Its ultimate goal is to establish an **accessible, dynamic ecosystem of long-standing, youth-driven innovation in sustainability and entrepreneurship** – from the Sustainability Startathon across 12 countries, to the final Summit event held in Singapore.

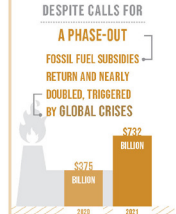

This year's Summit is based on the theme of
“Sustainability – Urban Living,” with UN
 Sustainable Development Goals 11 & 12 forming
 the cornerstone of its mission and vision.

11 SUSTAINABLE CITIES AND COMMUNITIES
MAKE CITIES AND HUMAN SETTLEMENTS INCLUSIVE, SAFE, RESILIENT AND SUSTAINABLE

12 RESPONSIBLE CONSUMPTION AND PRODUCTION
ENSURE SUSTAINABLE CONSUMPTION AND PRODUCTION PATTERNS

THE SUSTAINABLE DEVELOPMENT GOALS REPORT 2023: SPECIAL EDITION
<https://unstats.un.org/sdgs/report/2023/>

Foreword

Dr. Tan Eng Han
Founder, OSG Youth Alliance

Welcome to the 1st Annual ASEAN-China-India (ACI) Youth Leadership Summit!

This gathering marks a significant milestone in the journey of OSG Youth Alliance, which was established in 2017 with an unwavering commitment to nurturing a new generation of globally-aware, sustainability-focused, and entrepreneurial-minded youth leaders. Over the past six years, our organisation, through more than 150 diverse programs, has touched the hearts and minds of over 10,000 young leaders from across the ACI region, shaping their perspectives and inspiring change.

The ASEAN-China-India Youth Leadership Summit represents the culmination of countless hours of interactions with youths, corporations, and subject-matter experts. We have meticulously crafted a comprehensive program designed to achieve three fundamental objectives: promoting cross-cultural communication, enhancing sustainability awareness, and fostering entrepreneurial thinking.

In doing so, we align ourselves with the United Nations Sustainable Development Goals (UN SDGs), particularly Goal 11 (Sustainable Cities and Communities) and Goal 12 (Responsible Consumption and Production). These goals underscore the importance of building sustainable communities and responsible consumption patterns. By bringing together 180 high-achieving youth leaders in a physical setting, we aim to encourage multinational teamwork and problem-solving while reinforcing the values of sustainable living and responsible resource usage.

We firmly believe that the six-day program will profoundly impact not only the lives and minds of our esteemed delegates but also the approximately 5,700 youths who participated in our local Country Sustainability Startathon programs. Our 180 delegates, who have earned their places at the Summit, bear a sacred responsibility. They are not just representing themselves but also their universities, countries, and fellow Country Startathon participants, both during and after the Summit. OSG Youth Alliance is dedicated to working closely with our ACI delegates to expand the Summit's mission beyond this event, ensuring they can "pay it forward" through mentorship at future Summits. We recognise the collective power of OSG Youth Alliance and our stakeholders is finite, but we firmly believe in empowering our ACI youth leaders to engage with their local communities and cultivate the next generation of sustainability-focused leaders.

We extend our heartfelt gratitude to all our partners, sponsors, supporting organisations, and volunteers who share our belief in the Summit's mission and have invested their faith in each member of our organising team. Your unwavering support has made the 1st Annual ASEAN-China-India Youth Leadership Summit possible, and we are excited to embark on this transformative journey together, aligned with the global objectives of sustainability and responsible consumption.

The Road to **The Summit**

Sustainability Startathon: Country Rounds

The qualifying stage of the Sustainability Startathon took place from July to September across 12 countries in ASEAN, China and India. During these months, tertiary youths (aged 18 – 25) worked tirelessly in close-knit teams to solve sustainability challenges unique to their home countries.

The top 3 teams from each country advanced to the Grand Finals at the Summit in Singapore.

NETWORKING & AWARDS DINNER

Celebrate their wins, connect with industry experts and open new channels of communication

Shangri-La Singapore

Sustainability Quest

DAY 1 Indoor Quest

Youth delegates prepare for the Sustainability Startathon: Grand Finals by gathering in their new teams to embrace an entrepreneurial mindset, exploring award-winning business simulations specially gamified to provide an immersive, insightful learning experience.

DAY 2 Outdoor Quest

This all-day, island-wide experiential learning journey takes youths across Singapore as they level up their adaptability, teamwork, leadership, and resilience by visiting and interacting with different sustainability-themed cultural landmarks.

DAY 1

Indoor Quest

DAY 2

Outdoor Quest

Sustainability Forum

The region's foremost experts in sustainability and entrepreneurship lead the movement for a better, brighter future in this all-day extravaganza of exciting keynote speeches and engaging panel sessions.

Dr. Piti Srisangnam

Executive Director,
ASEAN Foundation

Esther An

Chief Sustainability Officer,
City Developments Limited

Additionally, the teams from the Sustainability Startathon: Country Rounds present their winning solutions to attendees—the solutions that landed their placement in the Startathon: Grand Finals.

Three themes guide the topics discussed at the Forum:

Crafting Liveable, Sustainable Cities – Together, we are stronger—and more sustainable. Learn techniques and practices to build sustainable cities and encourage sustainable living from your neighbours across ASEAN, China, and India.

Sustainability Startathon: Grand Finals

The epic culmination of the Sustainability Startathon, the Grand Finals are the ultimate test of entrepreneurship and sustainability for 180 youth delegates from across ASEAN, China and India—the best and brightest of the next generation of young Asian leaders in the region.

The first day includes speed mentoring sessions, which primes participating teams with a final round of advice given by industry experts.

Over the next two days, teams bring their collective knowledge and expertise—months of hard work and experience gathered over the course of four months—to bear in tackling their challenge statement(s), competing for the top prize of SGD10,000.

The top 3 teams win a collective cash prize pool of SGD18,000. They also receive up to 6 months of mentorship opportunities to further develop their sustainable solutions, as well as a chance to showcase them at next year's Summit.

All Country Rounds contestants and Grand Finalists are invited to join the ASEAN-China-India Youth Leadership Summit alumni community.

Mentors

Christie Choo | Founder, Cocreates

Rohan Subash | COO, The Future Founders Co.

Shannon Kobran | Regional Team Lead, Asia, SDG Academy

Dr. Le Chen Cheng | Lecturer, Asian School of the Environment, NTU

Ong Joo Sun | Strategic Commercial Director, Nanyang Inc. Group

Supriya Panchangam | Founder & CEO, The Future Founders Co.

Dr. Kiran Kumari Patil | Director of University Industry Interaction Center, REVA University

Douglas Peris | Partner, Founders Bridge

Networking & Awards Dinner

The thrilling conclusion to the inaugural ASEAN-China-India Youth Leadership Summit 2023, this dinner presents many exciting networking opportunities for industry professionals and youth delegates alike. The event is graced by **Guest of Honour, Ms. Gan Siow Huang**, Minister of State for Education, Minister of State for Manpower.

Throughout the night, youths have the chance to open new channels of communications and connect with supporters as they celebrate their wins.

Winning Teams of the 1st ASEAN China India Youth Leadership Summit 2023

About

The Organisers

Established in Singapore in 2017, OSG Youth Alliance is a youth-focused social enterprise that nurtures a network of global- and entrepreneurial-minded youths who believe in leading and creating a positive impact across Singapore, China, and the world. Over the years, OSG has organised or co-organised over 100 events, touching the lives of thousands of youths from various ASEAN nations, and counting.

RESOLUTE

A member of Oceanus Media Global

Established in 2020, Resolute Communications is an experiential marketing agency that builds meaningful brand and consumer experiences by harnessing the power of narrative and artistry, with an extensive background in organising brand activations, corporate summits, webinars and more. As co-organisers of the ASEAN-China-India Youth Leadership Summit 2023, Resolute uses its communications and events expertise to help young innovators showcase their ideas and make a real impact in the sustainability field.

Supported By:

TEMASEK FOUNDATION

Temasek Foundation

The Temasek Foundation supports a diverse range of programmes that uplift lives and communities in Singapore and beyond. Their programmes, made possible through philanthropic endowments gifted by Temasek, strive towards achieving positive, outcomes for individuals and communities now, and for generations to come. Collectively, the Foundation's programmes strengthen social resilience, foster international exchange and regional capabilities, and advance science and nature.

In Partnership With:

ASEAN FOUNDATION

ASEAN Foundation

The ASEAN Foundation's mandate is to strengthen people-to-people interaction, increase participation, and develop the human resource potential of all ASEAN people, as well as alleviate poverty and bring about shared prosperity in the region. For more than 20 years, their programmes have helped equip citizens, including students and young professionals, with the awareness, multicultural learnings, and essential skills to contribute to the development of a prosperous, peaceful, and caring ASEAN Community.

CITY
DEVELOPMENTS
LIMITED

City Developments Limited

City Developments Limited (CDL) is a leading global real estate company with a network spanning 143 locations in 28 countries and regions. Listed on the Singapore Exchange, the Group is one of the largest companies by market capitalisation. Their income-stable, geographically diverse portfolio comprises residences, offices, hotels, serviced apartments, student accommodation, retail malls and integrated developments.

National Youth Council

The National Youth Council partners with young people to hear their views, empowers them to act on their passions and provides opportunities for youth to have a stake in Singapore's future. Together with their partners in the private and public sectors, NYC co-creates opportunities and develops common enabling platforms for youths to engage with the Government on issues they care deeply for, contribute to the community, and connect with peers within the region.

NCS

NCS, a subsidiary of Singtel Group, is a leading technology services firm with presence in Asia Pacific and partners with governments and enterprises to advance communities through technology. Combining the experience and expertise of its 12,000-strong team across 69 specialisations, NCS provides differentiated and end-to-end technology services to clients. NCS also believes in building a strong partner ecosystem with leading technology players, research institutions and start-ups to support open innovation and co-creation.

Oceanus Group

Oceanus Group Limited is a global FoodTech corporation with a diverse business portfolio spanning Food Production, Distribution, Services and Innovation. United in its mission of building sustainability today for the security of tomorrow, Oceanus is currently digitalising its entire business model, which will drive supply chain innovation and advance food security.

Oceanus Media Global

Oceanus Media Global, a subsidiary of Oceanus Group, is a creative media tech company that represents a new multi-disciplinary intersection point in the industry. They seek to expand the art of brand storytelling, by changing how the world tells stories—uniting design, technology and narrative. OMG’s portfolio of Futurealistic Experiences covers a wide range of domains, from extended reality productions to integrated brand marketing and metaverse solutions.

Singapore Global Network

Singapore Global Network’s mission is to build a global community with Singapore at its heart, creating meaningful connections between members—a 113,000-strong network comprised of professionals from every industry.

Official Sponsors

ASDAN China

ASDAN China was founded in September 2011 and currently co-operates with 831 international schools and key schools in 57 cities. They aim to introduce high quality education resources on subjects such as business, economics, mathematics, physics, chemistry, engineering, information science, biology, leadership, social studies and art into China. ASDAN China hopes to connect after-class activities with school classes, and aims to help schools improve their overall extra-curricular activities.

Singapore Mentorship Committee

The Singapore Mentorship Committee focuses on pooling together the experiences and wisdom of international entrepreneurs and MNC C-Suite leaders, with the perspectives of the younger generation. This allows SMC to nurture global-ready youths while integrating cultural strengths of different countries.

The Experiential Labs

The Experiential Labs, by Coach Hauz Academy, facilitates and builds the next generation of talents by providing a suite of experiential learning programs that enrich and empower youths with globalized knowledge and the skills needed to be future-ready.

FutureChain

FutureChain is a pioneering blockchain company committed to transforming interactions with digital assets. Their mission is to bridge the gap between different blockchain ecosystems, making cross-chain transactions and NFT interoperability accessible and convenient for all. FutureChain's vision is to create a seamless metaverse experience where users can freely explore, trade, and interact with digital assets across multiple chains. With a team of seasoned experts and innovative technologies, they are at the forefront of driving blockchain innovation.

ComfortDelGro

ComfortDelGro is one of the largest land transport companies in the world with a global workforce, a global shareholder base and a global outlook. They have expanded significantly and now operate in seven countries and have a global fleet of about 34,000 vehicles. ComfortDelGro's businesses include bus, taxi, rail, car rental and leasing, automotive engineering services, inspection and testing services, driving centres, non-emergency patient transport services, insurance broking services and outdoor advertising.

Singtel

Singtel is Asia's leading communications technology group, providing a portfolio of services from next-generation communication, 5G and technology services to infotainment to both consumers and businesses. The Group has presence in Asia, Australia and Africa and reaches over 770 million mobile customers in 21 countries. Singtel is dedicated to continuous innovation, harnessing technology to create new and exciting customer experiences and shape a more sustainable, digital future.

EHL

EHL Group is the global reference in education, innovation and consulting for the hospitality and service sector. They offer a wide range of leading educational programs from apprenticeships to master's degrees, as well as professional and executive education, on three campuses in Switzerland and Singapore. True to their values and committed to building a sustainable world, EHL Group's purpose is to provide education, services, and working environments that are people-centered and open to the world.

PlayPan

PlayPan is a bold concept to create a visionary social, community cum business space. They seek to reimagine social impact by seamlessly blending positive outcomes with profitable opportunities, all in a space that serves as the heart of a “City of Good.” Within this vision, the collective power of individuals converges, driven by creative inspiration, to support worthy causes that benefit the entire community.

Singapore Sustainability Academy

Designed and built by CDL with industry partners in 2017, the Singapore Sustainability Academy is the first ground-up initiative and zero-energy facility in Singapore dedicated to capacity building and thought leadership for climate action. It involves an extensive partnership with six government agencies and 15 industry and NGO partners. A hub for networking, the SSA provides a platform for industries, youths, and the community to share knowledge and build partnerships for a more sustainable future.

SDGacademy

SDG Academy

The SDG Academy represents the education and training division of the Sustainable Development Solutions Network (SDSN), with the mandate of promoting transformative education through the creation and curation of high-quality content on sustainable development, sharing of innovative pedagogies and training models, and providing open access to learning resources for a global audience.

Skillsoft

Skillsoft is a global leader in corporate digital learning, focused on transforming today's workforce for tomorrow's economy. They provide enterprise learning solutions designed to prepare organizations for the future of work, overcome critical skill gaps, drive demonstrable behavior-change, and unlock the potential in their people. Skillsoft offers a comprehensive suite of premium, original, and authorized partner content, including one of the broadest and deepest libraries of leadership and business skills, technology and developer, and compliance curricula.

Ten Square

Dubbed as "Singapore's Times Square", Ten Square unites sustainable architecture and community engagement. Encouraging youth empowerment and collaboration, it showcases socially conscious campaigns like the "Saying no to drugs" campaign on its energy-efficient 3D LED billboard. Constructed with recyclable materials and future-ready EV charging amenities, Ten Square paves the way for a greater, greener, and more connected society.

uWave

uWave is Singapore's fastest growing Gen Z lifestyle and community-based social app. Its team has vast experience in building a community platform and understands how to build & engage communities across a diverse array of networks, including universities, non-profit organisations, retail companies, and many more.

Ascensus Institute

The Ascensus Institute is where students begin their lifelong learning journey. Their students are exposed to the drive toward attaining a learning mindset that enhances their knowledge, skills, and attitude. The Institute is committed to providing quality services and courses by experienced and resolute educators. They believe in nurturing every student and creating opportunities for career development, by providing the skills and knowledge that enable the realization of learning goals.

ASEAN Youth Organization

ASEAN Youth Organization is an international non-partisan, non-profit, and non-governmental organization established to promote international understanding and goodwill parallel to the ASEAN Motto and constitutes one vision, identity, and community. Their vision is to create a world where youths exhibit a heightened interest in ASEAN through activities that empower youths, engage, and educate communities to implement ideas that enable positive sustainable change.

Asian School of the Environment
College of Science

Nanyang Technological University

(Asian School of the Environment, College of Science)

The Asian School of the Environment, part of Nanyang Technological University's College of Science, is an interdisciplinary school that aims to be a world leader in environmental research focused on Asian environmental challenges. The School integrates earth and environmental life science, ecology, engineering and technology, human ecology, humanities, and the social sciences to address key issues of the environment and sustainability.
